HARVEST OF THE MONTH CARROTS

Did you know...

- In the past our leaves were used to decorate the hats of **25**.
- We were one of the **22** vegetables grown by humans.
- We're related to **21**. Don't our feathery green tops look similar?
- Doctors say that we improve **24** because of our very high level of vitamin A (carotene).

Use the Carrot Code!

What is a Baby Carrot?
The small carrots that most people call baby carrots are not young carrots. They are small segments of regular carrots that have been peeled, and made to look like smaller, hence younger, carrots.

Look carefully! Only one of these carrots is different than the others. Can you find it?

Root Vegetables
A carrot is a root vegetable. That means it grows underground and is part of the root of its plant.

Cross out the word CARROT each time it appears in this box. Write down the remaining letters to discover some other root vegetables.

Kid Scoop Puzzler

A carrot is a taproot. That means that the root grows directly down into the ground and becomes larger as it holds food and water.

Add one letter to each of the following sentences to discover some other edible taproots.

_ommy_ook_en_iny_urnips_o_oronto.
_ead_ob's_easons for_oasting_ed_adishes.
_etty_rowsed_ooks on_utter and_eetroot.
